

Student ZScaler Login

Username

last name first initial middle initial and last three digits of student ID followed by @rss.k12.nc.us

example - jonesab123@rss.k12.nc.us

Password

Student ID

example - 123123123

How To Check Internet History

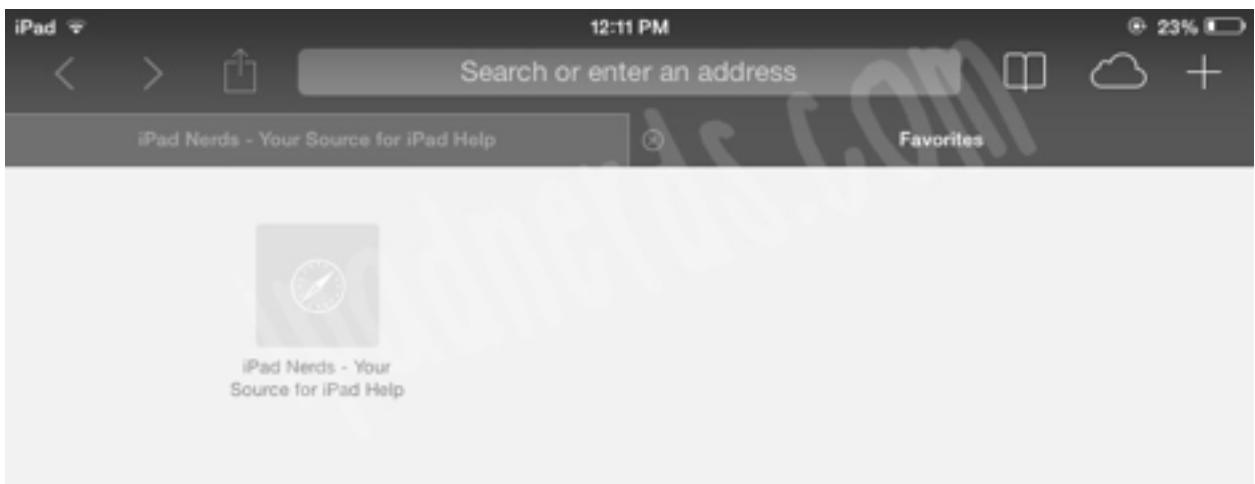

Open Safari

Tap on the open book icon on the top left of the screen

Click on the open book icon on the drop down screen

Private Browsing

The gray at the top of the picture below is letting you know that you are in private browsing. Private browsing will not remember your history. Students should not be in private browsing.

Turning on Guided Access

Go to Settings

General

Accessibility

Tap Guided Access and turn it from off to on

Then go to Passcode Settings (within Guided Access) and set a four digit passcode.

Then turn on Accessibility Shortcut (within Guided Access)

To turn it on open the app you want your child to be locked in and triple click the home button and in the upper right hand corner click start.

To exit guided access triple click the home button and enter the passcode then click End in the upper left hand corner.
